

Horizontal and Vertical Stripping Plier for Armored Cables

DESCRIPTION

This stripper is capable of both vertical and horizontal cable stripping. The stabilized guide wheels make it easier to move the stripper blade along the fiber optic cable and make it easy to operate. The longitudinal blade and horizontal blade are switched by rotating the switch to achieve longitudinal and circular cutting of fiber optic cables. The blades are made of hard alloy steel for sharpness and high cutting efficiency.

FEATURES

- Sharp blade
- Blade angle can be rotated 90° for horizontal cutting
- Longitudinal and circular cutting with adjustable depth of blade
- Aluminum alloy material, tough and durable, antirust

APPLICATIONS

- Fiber optic cable splice
- Cable maintain

SPECIFICATIONS

Parameter	Valve	
	Peeling Diameter (mm)	Red guide wheel model
Golden guide wheel model		8~28.6
Cutting direction	Horizontal & Vertical	
Size (mm)	140*75*40	
Blade Material	Superalloy	
Cutting depth (mm)	0~5.5	
Body Material	Aluminium alloy	
Net Weight (kg)	0.3
